

IGALP

INDUSTRY-GUIDED APPLIED LEARNING PROGRAM

Bringing real industry learning into the academic journey

Students engage with **industry-curated scenarios** contributed by AIBIGO Circle's industry network across diverse sectors

AI-assisted concept exercises help in application-oriented learning, while **proctored industry-guided scenarios** assess student capabilities

Students earn the **IGALP Certificate**, assessed across **15+ Capability Parameters** which employers look for

Not a replacement for **academics or technical training**. Get continuous experience of industry application & workplace learnings.

GET RECOGNISED BY
100+ INDUSTRIES

WHY IGALP

Knowing a concept isn't the same as applying in real work situations

Industry can't judge a student's potential in a one-hour placement interview

IGALP creates a continuous record of how students apply knowledge, make decisions, use AI tools, and learn from feedback

A complete view of **Student's Development through graduation** - not just at the end

Build the **ability to approach & solve problems** encountered in a professional environment

HOW IT WORKS

Industry situations are mapped to the student's discipline, academic year and subjects, with increasing complexity towards graduation.

Capability Intelligence Centre (CIC) establishment in the institution along with AIBIGO

Weekly IAGLP online industry sessions in CIC on AIBIGO platform

AI-assisted concept and application exercises combined with industry-guided scenarios & feedback

Proctored assessment across 15+ industry-defined capability metrics

Continuous practice and assessment across hundreds of industry situations throughout graduation

Industry defines the situations and expectations

AIBIGO enables the learnings, assessments & feedback

WHAT DOES THE INSTITUTION GAIN?

Better Placements

More recruiters, stronger placements, better career opportunities

Stronger Reputation

Stronger brand, better admissions, accreditation & institutional differentiation

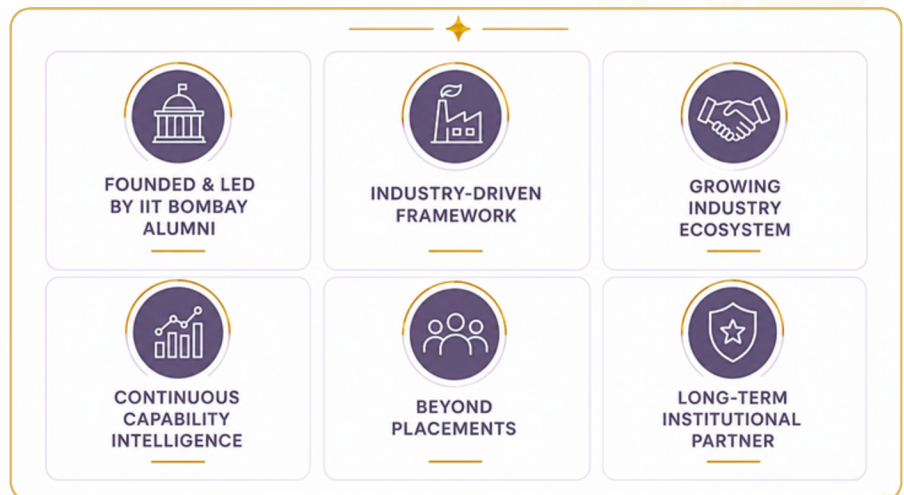

Expanded Industry Network

Funding Opportunities, Research Collaborations, Faculty Development

WHY PARTNER WITH AIBIGO?

IGALP creates a continuous system for improving placements, industry partnerships, admissions, reputation, accreditation and institutional growth

JOIN THE AIBIGO CIRCLE WITH AN MOU

Institutions adopting IGALP become part of the **AIBIGO Circle** — a growing network connecting hundreds of academic institutions, industries and experts.

Access to industries & institutes that may otherwise be difficult to bring to campus from different cities and regions across India.

There is no upfront financial commitment to become a part of the Circle.

Let us connect and grow together!
